

# Mass Bankers

ASSOCIATION

## Creating a Welcoming, Winning World-class Workplace Webinar

June 4, 2025 | Zoom Platform

### How to Create an Account

To register for the event, you must first have an account. Signing up for a My MBA account is easy! On the [Create Account](#) page, enter your email and a password for the account plus your contact information. Then click **Create Account** and you're done! You will receive an email from Mass Bankers confirming the new account.

For Mass Bankers Association members, your company information and email address will be validated through the organization search function field to ensure your account receives all member benefits. Please be sure to follow the steps for this field.

For nonmembers or members of other state banking associations, please note that your organization may not be on file. Please disregard any error messages with the organization validation search function and enter your organization's contact information in the address fields.

### How to Register

Navigate to the [Creating a Welcoming, Winning World-class Workplace Webinar](#) webpage and click Register. Please note that if not already logged in, you will be prompted to login. You can also register for an event within your [My MBA](#) account. Simply navigate to the Events menu to search for the event. Don't forget to keep your discount code handy for checkout!

If you are experiencing any issues with registration or you need additional assistance, please contact our Registrar, [registrations@massbankers.org](mailto:registrations@massbankers.org).
