HEALTHCARE AT YOUR FINGERTIPS

Getting sick or injured while away from home can add stress to your trip and accessing medical care can be challenging due to your condition or location. So, we've teamed up with **Teladoc Health** to bring you **Global TeleMD, a smartphone app**, that provides convenient 24/7 access to doctors for non-emergency medical concerns. You don't have to leave your space to receive prompt medical guidance and there are no claims to file.

ALL AT THE TOUCH OF A BUTTON

- ✓ Confidential* access to international doctors by telephone or secure video call
- ✓ Medical guidance and consultations (for non-medical emergencies)
- ✓ Same day virtual appointments, available 24/7
- ✓ Multiple language options
- ✓ Consultation notes sent directly to your phone
- ✓ Prescriptions and referral letters (subject to local regulation)

JUST WHAT THE DOCTOR ORDERED

With **Global TeleMD**, you can speak to a doctor at a time that fits your schedule without worrying about work, holidays or personal commitments. And because your consultation notes are stored securely in the app, they're ready to share with your usual doctor next time you visit.

Let's Get Started

- 1 Download and register with the GeoBlue mobile app to your phone first (if you have not done so already)
- 2 Download the Global TeleMD app
- 3 Create a profile, use the same email address you use for the GeoBlue mobile app

- 5 Log in
- 6 You're good to go!
